“ To Linda, Donna and the Trafton family. I have known Bill all my life as the Traftons and Baughams grew up together in Port Norfolk. My dad,P.C.Baugham and Bill were life-long friends, and my mom, Peggy Baugham and Kay were close friends, and of course I grew up with Linda and Donna. There are so many memories going back so many years. The last few years I always looked forward to Bill's annual Christmas card to let me know how his was doing but I regret the rest of us lost touch over the years. I am unable to attend the viewing but want to extend my sympathy to the family and tell you I am positive Bill will have a great time catching up with all the ones who have gone before him.We will probably here laughter coming from heaven any time now. Love to you all, Wanda Baugham

“ LOTS of great memories, but I remember when I got out of the Air Force in 1967 and started working in the NNSY I was riding to work with Uncle Billy. He had an OLD World War Two jeep still in original condition. That first winter riding with him because of the original "heater", I froze to death many days because the heater didn't start to heat until we got to work ! So Uncle Billy - - rest in peace and tell everyone "up there" Hello for me ! - - - Drewry Duncan
