“ *What a truly wonderful lady, who always had kind words for others & love in her heart. She left this world way too earlier & will be remembered with love. You could tell that when she talked with you, that she was really listening & cared. We loved talking about our kids together & both of us were equally delighted with all the adventures each of our kids were into and how quickly they have grown. When you talk about family there was always a smile on her face! Families are forever! R.I.P.*
