“ Hi Mom, it's been a little over two months since you passed. I miss you every day and think of how happy you must be to be with Dad, your parents, and other family members who waited for you. I was hoping for a few more years with you, but we have no control over that. I was with you on your last day. I hope, when you left, you knew how much you were loved and carried that love with you. I look forward to the day when I can see your smile, hear your laughter, and get a great big hug! Loving you always....Linda
