“ *Belated condolences. I happened upon the obit while I was at this web site entering condolences for someone I used to work with. My deceased husband, Joe, used to play golf with Chuck and perhaps, we used to square dance together. I cannot remember our connection that well, but I remember Chuck advising me about my knee joint problems keep moving, a lovely dinner at your home, and I remember your lost luggage on a trip to Machu Picchu. I also remember that you had an artistic bent. They are all fond memories.##imported-begin##Geraldine S. Hatfield##imported-end##*

“ We had a message from Dale Kaiser when we returned home that Dr. Lanbdin had passed away. I'm very sorry. Even if expected, it hurts and we feel the loss of someone who has been a part of us for so long.

My first encounter with him was as a lowly intern at Oak Knoll in 1962 and to put it bluntly, I was intimidated and afraid.

I wasn't sure what to expect after I started my orthopaedic residency at Portsmouth and found out he was going to be the chief. As the years passed I learned more and more to respect and appreciate him as a person and chief.

After my residency I was associated with orthopaedists from the ivy leage schools and the Mayo Clinic and never had to take a back seat to any of them, thanks to his teaching principles and the excellent program he provided I wish I would have said thank you before.

I know he is now at home with the Lord.

*Sincerely and sorrowfully,

“ I wish to extend my deepest condolences to the Lambdin family.

I have fond memories of Dr. Lamdin introducing me to the card games of Hearts and Spades. In order to date his lovely daughter Debi in the early 70's, a couple of card games had to be played before you could leave the house. His wife would be his partner and Debi would be mine. He was a ruthless player. At the end of every hand, he would often question something you played several tricks earlier. I was always trying to disguise which suits I was vulnerable in for he would take advantage if he could.

May his family experience all of God's blessings during this period of grief.

“ *My father was Robert William Lambdin. Chuck's brother.*

I remember going to a restaurant with my dad and Uncle Chuck in Texas after their sister Eva's funeral many years ago. The schtick in this restaurant was that if you wore a tie they would cut it off and nail it to the wall. Uncle Chuck was good natured, but would not allow them to deface his uniform. Somehow they let us eat there without touching the tie.

I didn't know him as well as I should have, but I will always remember him as a man of honor.

My sincere condolences on your loss.##imported-begin##John E. Lambdin##imported-end##

“ Dr Lambdin was my orthopedic residency director at EVMS from 1988 thru 1992, and a great inspiration to all of us. He gave me the chance to become an orthopedic surgeon for which I will forever be grateful!...He was a genuine soul, father-like to us all, cared for people and humanity in his practice of medicine. His integrity was a great example for all in training. His humor and realism were entertaining, great role model and mentor!! May his memory be a blessing to his kind family##imported-begin##Jack L.
