“ *My heartfelt condolences to the extended family,*

I can recall lots of fun and laughter during the times I spent with Charlie in the 70's. I used to give him a ride to school occasionally. My most vivid memory was when several of us would spend time at his house listening to music. The arguments between Kopelove & Charlie were hysterical.

I have pleaseant memories of Charlie, he was a good friend.

“ *I was so surprised to read about Charlie in the newspaper. I remember him from Wilson High School days in the late 60's and early 70's. I remember his smile and laugh. I also remember him working at Colonial Stores, many years, down the street from his home and mine. Gary, my husband, remembers the surfing days with Charlie.*

Gone, but not forgotten Charlie!

With Love,

“ I remember Charlie very well as we were friends beginning sometime in elementary school. One night I was sleeping over his house and we were caught by his dad as we were climbing through a window back into the house after sneaking out that night.

I also have great memories delivering papers with Charlie when we were around 14 years old. One night we raided a watermelon patch and were running down the street laughing, each carrying a watermelon. We went down to the river and ate the melons. Those were the days.

His parents took me on vacation to the mountains with Charlie in their Lincoln Continental with the back doors that opened up opposite to the way normal doors open...that was a great time.

Charlie was always full of laughs and I will always remember the "bounce" he had when he walked.

You're in peace now Charlie...you will be missed.

“ Ironically, I remember Charlie as Swean's sharp-dressed sidekick. I remember Sammy, Denny, the Light House and Wilson High School's parking lot before/after school.

Charlie was a funny guy. I hope he makes the heavenly bodies laugh.
