“ Mrs.Hench and immediate family,

I wish to send my deepest regrets and profound sadness in the loss of David. I worked with and supervised him on C shift at Siemens;where David worked as a cell operator for a number of years. He always stopped by my office or I stopped to speak to him each day and discussed the issues of the day in the world or spoke of work topics or changes. He always seemed to have a smile on his face, no matter how down he may be, and I considered him a good friend. Until recently, he sent e-mails to check on me and Siemens and to pass along the latest jokes he found. The world and Siemens will be a duller, grayer place with his passing. My prayers and thoughts will be with you during the next few difficult months. If I can be of help please do not hesitate to contact me via e-mail. God Bless.###imported-begin###Kevin Quarles###imported-end###

“ *David's passing has left a deep hole in my heart. I met David at Siemens over 15 years ago. Because he was assigned to train me on numerous jobs, I got to know a little about him. From there, a lasting friendship grew. If I ever needed a pick-me-up, I get near Dave and ask him if he called for a Democrat to help him. Being a steadfast Republican, that always started a political free-for-all. I don't recall ever winning, but it was fun. Dave even went out of his way to help me if I needed it. He was a true friend and I will definitely miss him.##imported-begin##Dallas##imported-end##*
