“ My grandfather, Papap was a one of a kind, very loving, genuine, charismatic man who above all loved his family to the end. When our grandmother passed he became lost, which after 67 years married to the same woman it wouldn't be hard to feel that way but he did his best to still share his life and love with all of us. He went the way he wanted to go which is a blessing regardless of how hard it was for us to accept he, he went in peace to be with grandma in heaven to dance and live again. He will forever be missed, never forgotten and loved eternally by everyone who knew him. Tell grandma we said hi papap. We will see y'all again.

*He was one of the old time “gentlemen”. They are few and far between - it was always so nice to see him treat Francis and Mary as ladies. He will be missed by his neighbors and friends.*
