“ *Nothing will ever replace the love of Aunt Dorothy. She was my soft place to land when I was little. She always had a warm hug and an I love you. She told me I was pretty even when I clearly was chunky and had clunky glasses. She was always proud of us even just being her niece she'd brag on your grades or whatever you were doing. She loved to talk and she was a good story teller usually remembering lots of details. 😂 The last few years have been tough with her not being able to get out. It's hard but at least she kept up through Facebook. She'd always love or comment on my pictures and she told me how much she loves seeing the beautiful scenery I like to photograph. I'm gonna miss her so much but I will always carry that love for her in my heart.*

“ So sorry for your loss. She was such a sweet lady every time I came to see her. She had such a welcoming spirit about her. I know she will be truly missed. I'm praying for the family to have comfort and peace in this time of loss.
