“ *Harry and Sondra, It is with a heavy heart that I write this condolence. I didn't know Harry's mother, but through Mary Bea I knew of her love for her Lord and Savior who has her in his arms right now, minus her former pain and suffering. She told me of her love for her family, church, and her determination for her independence, which as we grown older, we often have to relinquish.*

From just this small bit of knowledge I know she was a great lady and I only wish we could have known her better. Sincerely, Barbara and John

“ My sympathy to all the family. What very fond memories of Dorothy & Harry from my childhood days in Joyner when this was a favorite getaway from the "city life". Harry Jr., if you are ever in the mood for a road trip, Daddy would love to see you & he's still in the same old spot in Southampton Co. and much to my surprise I have chosen it as the place to come back to to raise my family. With much love, Donna##imported-begin##Donna Barnes Rountree##imported-end##
