“ I have such fond memories of Betty. When I started working at the shipyard in 1976, Betty was the Budget Analyst for the department. She was such a nice, friendly, and sweet lady. Most of the women in the department would go back to Betty's office to pick up forms and whatnot, and it would not be unusual to end up hanging around for a little while to visit. I thoroughly enjoyed those visits in her office. I can't remember what we discussed, but I remember hearing about Virgil and all the kids and I remember that we were always laughing about something. I think Betty really enjoyed her family and life in general. I know I and so many others enjoyed her. To her family - my sincere condolences on the loss of your sweet wife and mother.##imported-begin##Cathy Peters##imported-end##
