“ Garland was such a wonderful person. So kind and outgoing. I met him at your neighbor, June Williams' beauty shop. He just casually walked in and was talking to June.....and me. It was like he had known me forever. His reason for being there was to find out who the Ford Explorer belonged to. It was mine. He said if I ever wanted to sell it, he wanted to buy it. I said ok, knowing he wasn't serious!! But a few months later my husband and I bought another car. The next day I went to June's and told her we were going to sell the Explorer. Garland was good for his word. He came to my house that day and bought it. A few days later after he had done some things to it, he came over to show us. It looked so good that I almost wanted it back. I am so sorry for your loss. He was very special. Fondly, Frances Johnson

“ Have known him many many years thru my Mom, then the professional world. You touched so many lives and you will be missed. But not forgotten. To the family, the tears are good but know he would not want you to cry, he would want you to think of all the happy times you all have had together and dwell on those. You know he is with the Lord now and no longer suffering and one day when the Lord calls you home you can join him. But only in His time. right now you have a special guardian angel watching over us all.

*May the Lord's strength and healing protect you all. In Jesus name.
Amen*

“ *Garland was my buddy. Met him when he was with the PD and later when we both worked in the Sheriff's Office. During my second go working with the PSO I was fortunate enough to work with him. Having him there helped me through some tough times. He saved me in many of my darkest hours. When he met Betty, he was over the moon. What a terrific couple they made. He loved his boys. And was proud to be a grandpa. Family meant a lot to Garland. He and I sure had some belly laughs together! He was the Turtle Man, and really enjoyed telling people all about turtles during educational seminars at Hoffler's Creek Wildlife Refuge. He loved his pets, both his dogs and all the cats he and Betty rescued from the neighborhood, of course his turtles. He was a good man, with a big heart. He'll be missed by many. Garland, thanks a million for your friendship, and hope to see you on the other side.*

“ Garland gave our five year old granddaughter, Kayse Lee , a full teaching tour of the turtle farm. To thank him, she drew a picture of the event, and in her picture, Garland was covered in tattoos. He loved the letter, framed it, and hung it on the wall in his den.

We will miss you, Friend.
