“ *Tito Lito, you are loved and will be missed. I am sad that you've passed but I am also very happy that you may rest in peace with Tita Auring. I will always remember you. I always think back of the days Tita Auring, Grandma Nida, and Tito Nester worked together at the clinic.. I swear I stayed attached to your hip! Good memories. Again, rest in peace, you are finally in a better place.*

“ *Tito Lito, you and I both know why I ended up joining the Marine Corps. Again, I would like to thank you for the challenge and encouragement that made me the man I am today. It is sad that you're gone, but I'm very happy that you're once again with Tita Auring. We love you. You will always be in our thoughts, forever in our hearts.*

“ I have so many memories of Tito Lito cutting Amando's hair in the garage and giving us vegetables in the summer time. I remember playing in the backyard and how him and Tita Auring would smile whenever they saw us. I remember their runs to get jiffy pop because we loved it when he made it when they were babysitting us and the shrimp chips we would help him and Tita Auring make in their kitchen. All of those experiences have had a positive impact on me and always made me feel loved and welcomed. I'll miss you Tito Lito but am happy that you and Tita Auring are together again.

“ You and Aurora were present for every family celebration and there were many.

You were always around to help no matter the time. We loved the vegetables of your labors in the garden and the jars of peppers you made. You were a silent strength for our families and we will cherish these memories until we see you on the other side. Jesus must have welcomed you as His good and faithful servant. You now have the better part and we Celebrate Your Entrance into Heaven. It is we, who are left behind, who are sorrowful are sorrowful. Julie

“ Tito Lito, Thank you for all the joys you brought to us when we were kids. We pretended you were Santa Claus with your bright red suit and cotton white beard even though we knew it was you.

We Will All Miss You Positively.
