“ Dear Lisa and Bill and Family - It was so good to see you again and meet your wonderful children. I wish it had been under different circumstances. Your mother was a big part of my growing up years, and I shall cherish the memories I have of her and your Dad. She had a great laugh! And oh how she could cook. I was serious when I said if you put together a cook book I want one! Wayne was so glad he got to meet you. Our thoughts and prayers continue for you all. Your Mom is in the most wonderful place imaginable now. No pain, no limitations....pure joy! Praise God! I do hope we can get together soon and share family memories and pictures. Blessings and love,

“ Lisa & Billy, I have many good memories of your Mom. I knew her years before you were either born and she was always so special. She called me one day and said that she had found pictures of my girls in her Mom's papers and she even bought them to me. She was a true friend. May God be with you in the coming years as you go on with your lives.###imported-begin##Myrtle Owens###imported-end##

“ I was saddened to read of your mothers death yesterday. Your parents and grandparents played such a role in the Casterline family in our early years. They were the only family we had locally and were always there for hollidays. Lisa I remember when you were born and your mother was so excited. She would dress you up in the cutest clothes, you looked like a little doll. Billy, your mom was so thrilled when you were born. She had a daughter and now a son. Although we haven't been in touch for awhile, I have still thought about your mother many times. I feel bad that we never saw each other but please know in my heart I have thought about all of you many times over the years. I know how hard it is to loose your Mother but you will have so many memories. My prayers are with you.##imported-begin##Karen Casterline-Hammond##imported-end##

“ Dear Bill, Lisa, and family,
My parents called this morning to share that your mom had passed away. Unfortunately I am unable to attend her service, but I wanted to express what an impact she made on my life. She was so kind, generous, and welcoming; she made me feel like a part of the family even after I did not see her as regularly. I remember stopping in to let her meet my husband and baby boy, Ben many years later and she greeted me just as she always did. She was so proud of both of you and your families -- as well she should be. The love she shared will never be forgotten - I feel thankful and privileged to have had the chance to know her and be a part of her life if only for a short time. You will all be in my heart and prayers -- With Love,
