“ Ellen, Larry, Mark, and Sally,

*My deepest sympathies for the loss of your mother.*

*I always liked your mom. There were several periods mostly summers while I was at college where she and I lived under the same roof. We got along very well, had some heartfelt conversations, and had some laughs. She was often "direct" with what was on her mind -- and that was something that I appreciated and admired.*

*During the first few years after my mother passed away, I made several attempts to stay in touch with Janice. I called her from New York and visited her when I came to Norfolk. We lost touch, however -- no fault of either of us. I guess that we had lost too much of the common ground necessary to sustain a relationship. Nonetheless, as I reflect, I know that at some points she and I were close, and I am the better for it.*

*I wish you all the best.*

I am so sorry to hear of the passing of your Mother/Grandmother. I know this is a sad time and I wish you love and comfort. I'm pleased to hear that you all went to Reginos to celebrate her life. That was so important. She was a strong woman and I'm sure she would have wanted that.

“ Larry,  
Your Mom was a very special lady, and I have many fond memories of her wit, and her kindness. I am sorry for your loss, I know how difficult it is because we are never "prepared". But I am glad she passed peacefully. You and Tammy are in my prayers.
