“ Jerry was a dear friend to my husband Bill and myself. We have precious memories of time spent with him and Brenda. Bill and Jerry became good friends through golf for many years at Stumpy Lake and Kempsville Greens Golf course, he had a great personality and golf was his passion second to his love for his wife and family. Rest In Peace good friend, you will greatly missed.

“ *There is not just one memory I can share because I've had a lifetime of memories with all of the Parker's. A family bond and love that never fades regardless of the miles between us. From the time we could speak, we have lovingly referred to him as "Uncle Jerry". The times of playing in the yard, game nights, talking about golf, and laughing about whatever it was we would talk about. He would give you the shirt off of his back. He loved fiercely and made sure everyone knew it, especially those he was closest too. There was never a moment he did not show his pride and joy for the love of his life, Aunt Brenda; for Terrie, Kevin, and Brian; and for all of his grandkids. He worked hard and played hard. He had a servants heart and would always make sure you were waited on if ever in their home. A role model and godly example of what a loving husband, father, and grandfather should be, he's leaving behind his greatest legacy for the rest of us to love on, pray for, and support until they can all be together again. Thankful he is resting in the precious arms of Jesus and completely healed. Until we see you again, rest easy and surely there will be some phenomenal greens to play somewhere nestled in those 1000 hills. You are missed terribly and I will always love you Uncle Jerry! Thank you for enriching our lives!*
