“ Mimi: It has been almost 6 months since you left us and though we are still here and life goes on, it grows more and more apparent each day that none of us will ever be the same without you here with us. Sometimes I swear I see you in the beautiful things that surround me--butterflies, flowers, or just small things that each of us do that remind me so much of you. You will always be loved and you will always be sorely missed. Love always, Brooke :::##imported-begin##Brooke Archambeau##imported-end##

“ I am so sorry for the family's loss of Joann. I have a lot of fond memories of her. I first met her when I was 5 when I started clogging. I am now much older. She and her family welcomed me into the clogging family and her personal family. She made me feel like I belonged and was part of the family. I clogged with them until I was about 13 when the team split up. Clogging was my life. And Joann and her daughters were like my second family. Joann welcomed me into her home and I spent many nights there. I enjoyed being around her and her family. It was great. I think my funniest memory of her that I will never forget is the way she was so particular about the girls' bonnets being tied so tight it would cut off your circulation and you couldn't breath or swallow. When standing in line getting ready to go on stage you could always tell whose bonnet Joann had just tied because the girls would be loosening it back up. She was a great lady and will be missed. My father has always been a big part of my life and he greatly appreciated the way Joann seemed to take extra special care of me. My thoughts and prayers are with the family and friends.  
Sincerely,
