“ Joel and I served together on crew and as squadron schedulers/instructors. No one gave more to the mission and squadron than Joel; a truly dedicated professional and outstanding human being. I learned a lot from him and am grateful I had the privilege of serving with him.

*My deepest condolences and prayers to Joel's family.*

“ Joel was an model officer while serving as a missile combat crew commander at the 321st Missile Squadron, FE Warren AFB, while I was the squadron commander. I could always depend on Joel to do the right thing. He was a great American. Condolences and blessings to the Lassiter family. I was honored to serve with Joel.

“ I worked with Joel as contractor at Ft Eustis and Suffolk. He was very intelligent and always provided well thought out responses. More importantly than his work though was Joel's heart. He had one of the purest and kindest hearts of anyone I have ever met. He would literally do anything for his teammates and family. The world definitely needs more people like Joel. He will be dearly missed.
