“ *Becky,*

What a shock when I got the news about Joe from Dr. Gregory. I know that you had said that he was not up to par but wouldn't listen to you and go to the doctor. Still, it's hard to accept such an unexpected event. At least he did not suffer for a prolonged time. We are at the beach and I have a contractor coming to the house in the am. If I can get him started in the right direction, I should be able to be at the funeral service.

Both Lea and I will continue to pray that you will be comforted and have strength and wisdom during this time.

Best regards,

Lea & Frank Mancuso##imported-begin##Dr. & Mrs. Frank S. Mancuso##imported-end##
