*“ I can't comprehend your decision for this act. It has brought on a sense of disbelief and pain to our entire family. Pesonally I am overwhelmed with guilt for not staying in touch with the family and not being there in your last days I love and miss you tell Dad when you see him that we love, honor and cherish both of you and the memories you have left us. WHY is my only question? I'll find out one day hope you find peace.*
