“ God has called another one of his angels home but this one was a angel on earth. She was always looking for the good in everybody. A great person to work with. I had the privilege of working with her at MMC. We had some great times and she was great with keeping family informed of the status of their family's progress in their procedure in O.R.. May God give you comfort at this sad time but just know that she was a great lady and will always be remembered with love. God Bless Peggy Cobb
