“ *Dear Linda and Bobby,  
I am so sorry to hear about your mother. My mother recently talked to Linda on the old street and she had the impression that Marie was still going strong. She was a remarkable woman! What a long, full life she had. I remember spending many hours with her and Linda--all of us in the front seat of the Impala--tooling around town. She was very important to me when I was growing up, and I have many fond memories of your home. I am so glad Linda is still there! It was a happy place for us--getting into a little mischief, but mostly, just fun!*

*Again, please accept my condolences, I know she will be missed--she was one of a kind!*

*Love, Liza##imported-begin##Liza Kernan Old##imported-end##*
