“ April 2023 and I'm just finding out...so embarrassed. Vi and I also go back a long long way, sweet memories, Brooklyn, walking to/from school. Drifted apart for quite a while but then reunited. Then drifted again. Should Sam, her children, ever read this, know I loved her. Recently sent a "friend" request on Facebook, now I know why no response. Sharon Hart

“ Vi and I go back a long way to our meeting because our husbands were stationed on the same ship and we lived only a couple blocks away from each other. We shared many fun times when the guys were out to sea. I had stopped to see Vi a few years ago when I was in the area and we had a fun time. I am sad to hear of her passing and my condolences to all the kids.

“ So sorry for loss. I had loss track of Vi over the last years. I was sorry to hear of her passing. She was a wonderful supervisor and friend and Her late husband Greg. My dad always made sure I got her collards after I told him how much she liked them. Greg would always help me with any computer problems I had. Beautiful couple. Vi you are missed. Prayers for the family. Susie is her only child that I met when Vi first had health issues. Prayers for you all.

“ Words cannot begin to express how I feel about Vi. She was the best nursing supervisor ever! You knew no matter how busy a night you came to work it was going to be a good one when Vi was on duty. She was the angel of night shift. Patients would ask for her by name. "I only let Vi start my IVs. I'm a hard stick and she gets it on the first try every time! I will miss mamma Vi. She was and always will be the best! My heart felt condolences to the family. Mary M.
