“ I've known Mary ever since I can remember. I have so many fond memories of her. Since I've heard about her passing, the memories have been flooding my mind. My Aunt Janice and she were very close friends and worked together for many years. The three of us used to go to concerts and out to dinner all the time. She will be truly missed. God only takes the best and she was truly one of the VERY best. I love you Mary, you will be missed.

Mary and I met in 1962 and then we both began a career with C Lloyd Johnson Co in 1972. We were best friends for over 30 years, and I will miss her beyond imagination. We loved the beach, movies and we traveled together in the business. Once we traveled to London and the Bahamas. And of course we loved our dogs. I know Bella is really missing her too. Love you Mary!
