“ *Sonja, John and Michael, I am sorry for the passing of your Grandmother, although I know this is never easy, I am sure there is great comfort in knowing she is now at rest and with your Father and Grandfather in such a wonderful place filled with joy that will be for eternity. Sonja, you did her proud, many blessings were there for her with you in her life. I have a heavy heart for you and my thoughts are with all of the family at this time.##imported-begin##Robin Worrie##imported-end##*
