“ To the Family,
So very sorry to hear that Pam lost her battle with cancer. I know she fought hard. We were tough as teenagers and we never lost our toughness as adults. Good memories of those days, especially learning to drive and taking Ma Raby's car for a spin. We taught DeeDee too many bad things...I won't go into all that lol She was a great girl and would do anything in the world for ya. Wish I was in the US to attend the service and see you guys again....it's been a long time. She's in my thoughts and you are all in my prayers.

With Love,

“ My name is Kim, I am a co-worker with Pam's sister Deedee. Through Deedee, I felt like I knew Pam personally and feel great sorrow for your loss. At times like this our greatest need is comfort and the greatest source of comfort is from God's Word. One thing I have come to realize about Pam is her love for life, she fought very hard. The Bible explains why in Ecclesiastes Chapter 9 verse 11 which says God put time indefinite into our hearts. So it is natural for us to want to live forever. John Chapter 5 Verse 28, 29 tells about a resurrection. Revelation Chapt 21 Verses 1-5 is God's promise to remove all sorrow and death and bring about peaceful conditions. According to the Bible there is a future for our dead loved ones on the earth. This can bring us much comfort during this time of sorrow. As one of Jehovah's Witnesses this is the comforting message we share world wide.

“ Pam was one of my oldest and dearest friends. No matter where I was or what I was doing, we could always just pick up the phone and at the end of the call, we both were always giggling about someone or something silly we did. I have so many fond memories...from the back stage of the Chesapeake Julilee, to the Suffolk Peanut Festival, to the Thursday Events that we ever week in Chesapeake to doing the Electric Slide EVERYWHERE we went. I will miss her greatly and I know I will see her, again, someday. Much love to all that surrounded her during her last moments.###imported-begin##Laura Ryan-Floyd###imported-end##
