“ Thinking of you today, Dad. Hard to believe it has been a year since you left life as we know it. I hope there are lots of deer and fish in the afterlife. You are missed. Love always. ❤️

“ I'm so sorry to here about Paul's passing. I really looked up to him after my father Tommy Alexander passed. I still have Paul's little camper! I would've came, but I was in the hospital recovery from a double lung transplant. I just got home today 4/11. Praying for you and the kids Debbie!

“ Debbie, so sorry to hear of Paul's passing. I remember you guys introduced us to Lake Gaston and getting pulled over by fish and wildlife on the way back from 4th of July fireworks. Stay strong. Pam Regula

“ I remember as cousins on the Moore side we would either all gather at Uncle AP's or Aunt Mary's house. We would visit my Uncle Bud and Aunt Doris in Portsmouth. Had a great time being with family.

“ Paul loved coming to Occoneechee State Park during the hunting season. Every Ranger here in the park either knew him personally or had heard stories from someone else about how Paul loved to joke around. He would always ask us questions that he already knew the answer to. For instance, Paul would ask the Rangers, "Can I climb on the equestrian stalls to shoot a deer?" Or he would ask, "All the deer are in the cabin area. Can I hunt with a bow at my cabin?" Cabin 6 was Paul's favorite cabin. Many weekends you could find his pick-up (man, he loved that truck!) parked there during the midday as he waited for the time to come where he would slip down to the Conservation Area to hunt. He even upgraded the seating in the hunting blinds where we traded out the ole' pickle buckets for nicer roller armchairs!!! Paul will truly be missed here at Occoneechee State Park, but his memory will forever live on in the hearts and minds of the Rangers here in Clarksville, VA. He was a friend.

“ I have so many fond memories of Paul and his family. Whenever his family would come down to visit in NC, they'd always stop by our farm. I think they drove a big blue station wagon. Paul would always get out of the car with BB gun in hand. I remember visiting his family in Virginia. Don't know where we all slept but I'm sure we had a great time!! We'd often visit the Navy Yard where my uncle Bud worked. So many wonderful memories/never to be forgotten.

“ Paul serviced my yard for many many years. He also built my raised flowers beds for me and many other odds and ends. He was excellent at what he did and I truly miss his help. He loved my pickles and when he retired I gave him a life supply of pickles. God bless you Paul and your wife, Debbie and family.

“ I couldn't possibly choose one memory to share. I'm grateful for the many I have and blessed to have been his daughter. I want to extend heartfelt gratitude to Debbie for selflessly and tirelessly helping my Dad get the best cancer treatment available. She has been a wonderful companion for over 45 years and he was lucky to have her. In turn, she was lucky to have someone so committed to retelling hunting stories without fail. My Dad was a strong and serious man but also sensitive and goofy at times. He will be missed by many. Rest in eternal peace, Dad.
