“ *Beckie has been my teacher, mentor, and dearest friend. She was one of the most special people that I have known in my lifetime. At 25 years old she was my fifth grade teacher, and I wanted to grow up to be a teacher just like her. I hope that I have made her proud as she was such a role model for me.*

Beckie made Christmas tree ornaments for all of her students with their names on them. Mine is particularly special because she spelled 'our' name the way hers is spelled with an ie instead of a y. That special ornament has hung on my tree for 51 years and will be cherished for the rest of my life. She also was the matchmaker who convinced me and my husband Don to go out on our first date. We have now been married for 42 years. We will miss Beckie so much, but we are so proud to have known her. Beckie's was truly a life well lived!

*With all of our love,
Don and Becky (McKee) Wilhite*

“ It was an honor to have known Beckie. She brought a sense of peace and dignity with her everywhere. The Pilots of the Virginia District of Pilot International are struggling with the loss of such a capable and wonderful member. We are all better for our friendship with her and very saddened to go forward without her.

“ I am so stunned and saddened to hear of Becky's passing. I met with her a month ago in Williamsburg for lunch and reminiscing about my grandparents (her Goochland neighbors, Jimmy and Irma Johnson.) She was generous and kind, sharp witted and sry, and her commitment to her community was an inspiration. I will treasure the memories she shared with me and will miss our sharing of stories. My deepest condolences go out her loved ones.

With much respect,

My sincere condolences to Becky's family. I knew her only briefly during classes to learn Italian and she was a joy as well as an asset to the class. She will be missed.
