CR

“ Mom I will miss all the times we spent making such wonderful memories. All the "theme" events we held while we watched movies and played video games together. The times you read whole books to me when I was sick. These are some of my most cherished memories. I will do my best to always honor you. -Criss-

“ "For a moment all the world was right. How could I have known that you'd ever say goodbye? And I am glad I didn't know the way it all would end. The way it all would go. Our lives are better left to chance. I could have missed the pain, but I'd have had to miss the dance." -by Tony Arata- I love you Mom. ~Wyn~

“ My Love, from the moment I met you, there was always "two less lonely people in the world," and though you have gone so suddenly, there will never come a time when I am not counting the steps until we are together again. I love you always. -LB-
