

Rick Burton

December 9, 2024

Richard (Rick) V. Burton was born in Charlottesville, Virginia. He died on Monday, December 9, 2024. Rick was a man of many talents and interests. He graduated from Churchland High School in 1974. He pitched for the middle and high school baseball teams and played softball into his 40s. He was a cabinet maker by trade, and his attention to detail and thoroughness brought clients to him through word of mouth. He was self-taught in his other interests. He collected vinyl since high school and transferred the music first to tape and then to digital. He had an exceptional sound system with speakers throughout the house and outside. Rick collected baseball cards since grade school and had some valuable cards from those early years. He belonged to 2 football fantasy leagues and one baseball league. He started collecting knives and then eventually bought a professional knife sharpener. He also collected tools, which you would know if you had ever visited his garage.

As soon as he bought a Great Big Green Egg, he had to become the best griller, with briskets being his specialty. And there were Sunday's racing slot cars and fishing trips to Hatteras. Rick was also an avid reader and he and his cousin shared favorite authors. He had a great sense of humor, was fun to be around, and generous to a fault. He was a great fan of the Atlanta Braves and helped his wife cheer on her alma mater, the Missouri Tigers. College basketball and pro baseball were his favorite sports.

Rick was predeceased by his parents, Robert and Sarah, and his sister, Marcia. Also, his dogs Scotch & Soda; Max and Goldie; Ginger and Murphy. He is survived by his wife Susan (Sue); his brother Robert and wife Jean; his nieces whom he adored: Emily (Brian) and Rebecca (Becky) and her partner Kyle; cousins Kris (David), Lisa (Ed) and Andy (Brenda), and Tori who was so special and her fiancé James. Of course, our dogs Bennie and Rush. Our Atlanta Braves and Final Four comrade Darell. The Orrells who we've known since our softball days. Our wonderful neighbors William, Kerrie, Colin & Payton; and the Hoddinots. His Tuesday breakfast buddies Garry, Dave, Duggan, Steve, sometimes Gerald and Andy. And Sue's fabulous beach girls the "brain trust" who have been supporting his wife forever. All have been a huge help and comfort to us.

There will be a Celebration of His Life gathering at the Elizabeth Manor Golf & Country Club on Thursday, January 16, 2025, at 3:30 pm.

“ Sue, It has been a lot of years since I saw you or Rick. I guess life just got in the way. I have fond memories of visiting your home to play table top football with Rick. A lot of fun except when the dog ate my wallet. Rick loved his dogs. I am so sorry for your loss.

“ I met Rick when he came to our clinic for occupational therapy following hand/wrist surgery. His sense of humor and strong motivation to get back to his occupation and hobbies made him a diligent worker who was fun to have as a client. His love of dogs matched mine. I was so impressed with his experience and skill in cabinetry. He was a wonderful man and his death is a great loss. Take care, Sue, and know he will be with you always. Ann Ashe OT

Sue, with the New Orleans show in Norfolk this weekend I thought of ya"ll. Not that this is the first time, always when someone mentioned those carpenter days. Looking back they were the best days. Hope you are well and pushing on. And oh the dogs. They were/are great.

“ Sue, just saw this and I'm so very sorry for your loss! There are a few fun memories I have of Rick back in the early 80's when I was working at the Seawall and dating Mike, first husband. I know you will miss him and his funny humor. Take care of yourself and how fortunate you were to have had each other for a long and loving marriage. God Bless.

“ I had many good times with Rick back in Churchland. We had overnight Risk tournaments that were epic. I took a trip with him and his parents to New Haven't as a teenager and it was such a generous gesture to include me. But the best of all was our cross country trip by Amtrak to the West Coast and back. It was back in 1978 and we were vagabonds on the move. So many memories...Love you Rick. Save a place for me.

“ Rick was a great man that we were lucky to have known and loved. We will always treasure the trips over with new “gadgets” for Collin, trading bourbon sips and BBQ tricks with William, having a secret purchase agreement of Girl Scout cookies with Kerri, the many times of having Payton take the dogs for a walk and so many other memories.
