“ *Miss Campbell what a great therapist to me praying for her family*

“ *I was a patient of Rose's at Churchland Psychiatric. The move from puerto rico to the US was hard especially with the bullying i had to endure. She was a family therapist to us for 16 years and even answered personal texts when someone in our family had an emotional crisis. My mother and i got the news today from Churchland Psychiatric, i knew Rose's health wasn't the best since in the last few years she was even nodding off during sessions but she still came and helped anyone in need. She had a huge heart for doing what she did and im glad she was my therapist throughout my toughest years here in the US. Thanks, and i hope the best for her family.*

“ *My family was blessed to know Dr. Rose. She spoke often of her family and how proud she was of her children and grandchildren. She helped our family out through many hurdles and when my children's father passed away. She graced many lives with her wisdom, relatable humor, generous heart and sincere love for others. We will miss her dearly and are forever grateful for our opportunity to have known her. We are so sorry for your loss, hoping fond memories and laughable moments with her, are embracing you through this difficult time.*

“ We have enjoyed being Rosemarie's neighbor for almost 30 years. She was always friendly, kind and funny! We enjoyed seeing her daughters grow up and then also to see Rosemarie with her grandchildren. When she married Bob, that was an added bonus for us and our neighborhood. We sure will miss Rosemarie.
