“ *Although I had known Rosemarie for some time, I had the pleasure of meeting Stephanie when she worked as a receptionist at Churchland Psy. She was delightful-friendly, kind and a real joy. Words cannot convey my sorrow. Stephanie's strength and courage will continue to serve as an inspiration for others*

“ Stephanie was such a wonderful person and a great friend! I remember when we had went to dinner one night she had brought up a memory that I had totally forgot about that she thought was hilarious. Some years ago (I'm guessing when I was around 17 or 18) a few of us were in Garden Ridge doing some shopping. Well I saw the biggest Pile of pillows that I have ever seen. So me being the crazy person that I am, I started heading for that pile of pillows and Jumped rite in! I was crawling around, pillows were falling all over the place. I'm sure everyone was looking at me thinking what in the world is she doing!? haha :p Honestly, I don't know why I did it but she laughed so hard at me. I never thought something so simple and goofy that I did would make a lasting impression on someone. I was totally surprised she remembered that. She was so much fun to hang around with and such an amazing woman. She helped me out and I am forever grateful to her!! She was a strong/brave woman and always was positive and that is so awesome. Keeping her family and friends in my thoughts and prayers.

Stephanie, I will miss you so much and I am so thankful that I knew you. Spread your wings and fly high girl!

“ My prayer is for Gods perfect peace for your family. Stephanie was a light in our work place. Even when she was diagnosed she always asked about my wife who was sick also. A true inspiration!

“ I will miss you dearly, I remember the first time we met outside the tool room and we chatted it up for over an hour, and from then on we were shop buddies, you were such a beautiful kind soul. My thoughts are with your family and friends. You were a fighter and so brave and courageous. Rest easy my friend.
