William R. Bradley, age 84, passed away on February 14, 2026 in Chesapeake, VA. Born in Kansas City, MO, he lived a life marked by dedication to his family, service to his country and a passion for things he loved.

Known to many as Bill, he embarked on a distinguished career with the US Navy. As a naval submariner, Bill served aboard the USS SCAMP, USS SKIPJACK and USS ANDREW JACKSON. His commitment and professionalism were evident throughout his years of military service, where he contributed to the strength and security of his nation beneath the waves. Following his active-duty service, Bill continued to support the Navy as a manager in the Radiological Control Office at Norfolk Naval Shipyard.
